

voestalpine Metsec is the UK's biggest construction specialist cold roll forming company and part of the largest globally leading steel and technology group. Established 90 years ago, voestalpine Metsec is owned by the voestalpine Group. The Group has over 500 companies and locations in more than 50 countries on all 5 continents with €18.9 billion revenue and over 51,200 employees.

TOOLROOM OPERATIVE – TECHNICAL CENTRE SHOP FLOOR

EXTERNAL VACANCY

Reports to: Technical Manager – Technical Centre
Location: Shop floor based in Oldbury, West Midlands
Hours of work: Monday to Thursday 7.30am to 4.00pm with half hour lunch break each day & 7.30am to 12.30pm with no lunch break on Friday of each week – 37 hours in total, paid monthly

This role is of key importance to the continued growth & development of voestalpine Metsec plc. The ideal candidate will have hands on experience within a press tool repair & manufacturing environment & the ability to work under pressure. The individual will be expected to support the day-to-day production activities in the most efficient manner, working with a team to provide preventative maintenance, breakdown cover, & development activities to support the manufacturing divisions.

Person specification

- » Able to read engineering drawings & bench fitting experience is necessary
- » CNC & Manual Milling (Siemens ShopMill & XYZ Prototrak Control) experience preferred
- » Piercing, forming & cut off tooling experience required
- » Experience of EDM Wire Erosion useful
- » Well organised, multi-skilled, self-motivated & professional
- » Good timekeeping & attendance
- » Responsible for achieving own key objectives, as well as the objectives of the team
- » Able to prioritise own workload & work to tight deadlines under pressure
- » Computer literate & able to communicate & record information effectively
- » Attention to detail; accuracy is paramount
- » Able to communicate at all levels & have a "can do" attitude
- » Must be eligible & able to prove that you can work in the UK, as the Company does not hold a sponsorship licence.

Your responsibilities

- » Operate standard tool room equipment proficiently
- » Operate a Forklift Truck to assist with daily duties whilst also enabling tooling to be delivered to production
- » Ensure as part of the team, manufacture is covered in a timely manner so that try-out dates are met
- » Ensure as part of the team, breakdowns are covered in a timely manner so that production downtime is kept to a minimum
- » Aim for a "right first time" approach to all work carried out
- » Liaise with contractors/suppliers where required & when additional support is needed, including agreeing timescales & costs
- » Maintain awareness & ensure full compliance with Health & Safety legislation, housekeeping standards & Company rules & procedures
- » Follow verbal or written instructions & work to set out procedures
- » Seek continuous improvement related to the business KPI's & as part of the team, contribute towards improved performance & the overall improvement of the business.

Post date: Thursday 11th January 2024
Package: Competitive salary, Company pension scheme, health cash plan, life assurance & 33 days holiday (including statutory days).
